AUTUMN MARTINI

Senior Product Designer – Enterprise & Systems

SUMMARY

Senior Product Designer with 10+ years designing complex enterprise and SaaS systems across fintech, analytics, energy, and security. I specialize in translating technical and operational complexity into scalable product platforms that improve adoption, efficiency, and trust. Partner to product and engineering from discovery through delivery.

PROFESSIONAL EXPERIENCE

Senior Product Designer | Allegion | 2023–2026

- Led end-to-end design across Allegion's Overtur™ ecosystem (Estimate & Order and Key Lifecycle Management).
- Transformed spreadsheet-based key tracking into a centralized subscription platform.
- Designed multi-role workflows across specification, ordering, inventory, and key holder tracking.
- Reduced dependency on manual spreadsheets across distributed teams, improving operational visibility.
- Accelerated design validation using AI-enabled workflows (Figma Make, structured synthesis).

Senior Product Designer (Contract) | Wells Fargo | Remote | 2021–2023

- Designed user interfaces and interaction standards for the SBA financial portal within a compliance-driven enterprise environment.
- Translated regulatory and risk requirements into clear, scalable financial workflows aligned with enterprise design systems.
- Delivered production-ready prototypes and documentation to support engineering implementation and maintain cross-functional consistency.

UX Architect (Contract) | NextEra Energy | Remote | 2020–2021

- Designed operational systems improving field safety and efficiency.
- Developed reusable components to strengthen consistency and scalability.

User Experience Architect | Nielsen | Remote (Chicago, IL) | 2012–2020

- Designed enterprise analytics dashboards supporting global decision-making.
- Delivered client-facing prototypes (including P&G) driving stakeholder alignment and product confidence.

UX / Visual Designer | Citrix Systems | Fort Lauderdale, FL | 2004–2011

- Designed cross-platform interfaces across Windows, Mac, and mobile environments.
